

Editing facilities

Crystal Media has one **AVID online** Edit suite and one **Final Cut Pro HD system**

Both are on the Mac platform, using G4 and G5 machines.

Edit One is an **Avid Symphony**, offering a complete set of real-time creative and corrective finishing tools, multi-format mastering and versioning.

Edit two is an **Final Cut Pro HD system for Component, Firewire and SDI in and outputs**, combines unmatched scalability, precision editing tools and seamless workflow in one high-performance, comprehensive application. Now supporting DVCPRO HD capture and output over FireWire in addition to HD-SDI capture over PCI, Both systems are full-featured for offline, film and online. Offering editors top quality and maximum choice of effects.
